

All Terrian Industrial Supplies & services

Sustainability Policy

Sustainability at All Terrian Industrial Supplies & Services means meeting the needs beyond of our client's expectations while carrying and establishing the business in a socially, economically, and environmentally accountable manner to the benefit of future generations. Our practices create elementary value to ATIS&S and all of our stakeholders, clients and their customers, employees, investors, suppliers, contractors, sub-contractors, and the communities in which we operate business. As a result of our expertise, we are simply positioned to help clients achieve their sustainability objectives and positively impact the environment and communities in which we live and work. We at ATIS&S integrate sustainability principles in our business models, seeking various opportunities in unfolding and mature markets. These principles include:

- Energy and Resource Efficiency
- Supplier Diversity
- Anti-Corruption
- Safety
- Training
- Community Involvement
- Water Management
- Promoting and Practicing Globally Green Initiatives

While the Management of ATIS&S is responsible for implementing and monitoring this Policy, all employees and persons working on our behalf must share these commitments. Everyone is empowered to speak up and act to ensure that these commitments are met.
